Receipt of the certification of "Regional Headquarters of Multinational Corporation" in China

- for establishment of further optimal operation structure of group companies in China region -

In line with the corporate vision of Hitachi Transport System, Ltd. (herein called HTS) as “a competitive logistics company that survives against the regional competition and wins the global competition”, HTS is moving toward further optimization of its regional global operations through restructuring.

In China region, HTS group has strengthened its group-wide cooperative structure by positioning Hitachi Transport System (China), Ltd.(herein called TSC) as a core company after changing the name from Dahang International Transport Co., Ltd. in March, 2014.

After the examination process for TSC meeting every requirement as “ Regional Headquarters of Multinational Corporation” through its restructuring, Shanghai Municipal Government certified TSC as the first Japanese logistics company. With this certification, TSC can provide various supports such as investment & financial management and technical support to all group companies in China.

HTS group continues making efforts to enhance its quality of logistics services as well as reinforcing of group-wide management infrastructure.
